What does Home Rule mean for Kenilworth residents?

It means you give away your vote on future tax increases. It gives government bureaucrats a blank check with your signature!

Home Rule will do the following:

- ★ Allow the Village of Kenilworth to raise property taxes without limit and **without voter approval!**
- ★ Allow the Village of Kenilworth to impose new taxes on businesses, services, groceries, parking, and products like gasoline **without voter approval!**
- ★ Allow the Village of Kenilworth to raise property taxes beyond the property tax caps **without voter approval!**
- ★ Allow the Village of Kenilworth to protect their own salaries and pensions and even increase their own benefits **without voter approval!**

Village Board President Fred Staingraber says Kenilworth needs home rule to fund a long-term infrastructure plan, but he doesn't want to raise your property taxes.

This is doubletalk for, "I want to raise your taxes without giving you a chance to vote against my tax increases." He also wants to add staff which means more payroll and more pensions.

Home Rule ***always means higher taxes.***

Polls open from 6 a.m. to 7 p.m.

Before you believe their rhetoric, ask yourself how taxpayers would benefit by handing this power over to government bureaucrats!

What's in it for you?

What's in it for them?
